This important sale will include approximately 1,400 United States gold coins from the Littlejohn Estate. The collection was formed over several decades with the first coins purchased over fifty years ago. It was Mr. Littlejohn's aim to amass a complete collection of United States gold coins by date and many of the rarest are indeed included. Over 500 examples have been submitted to the PCGS for grading and many fine raw coins are present as well. To receive a copy of this important sale by priority mail, please send \$20.
