HALF CHROMOS,
OVER 100,000 ALREADY SOLD.

"A thing of beauty is a joy forever."

The Mystic Altar. We take just pride and pleasure in announcing to our old agents and others the completion of our MYSTIC ALTAR, an original Masonic Picture that challenges the unbiased admiration of every beholder. While our previous Masonic Pictures have stood unrivalled and unapproachable, in the conception and execution of this work we have far surpassed the very best of our former efforts.

Imagine a low vale beside a flowing brook, where our ancient brethren erected the Altar of Masonry. There kneels the newly initiated in worship, his eyes just opened on the mysteries of the craft. The three torches alone about the Altar would reveal the emblems of the Order lying scattered around; but as if God himself were saying "Let There be Light," the sun just rising, bursts with all his effulgence through a cleft in the rock, and sheds a heavenly halo on the scene.

Slightly in the background, to the right, stand the two pillars, and just beyond, a path, with three, five and seven steps, leads up the cliff, towards the Temple, dimly seen on the far distant mountain top. Corn, wine and oil are represented in the field of wheat at the left, the olive trees and the well clustered vines trailing up two stately trees standing as sentinels on either side the grand central altar scene, their tall branches forming a natural arch over all, two truant boughs, the keystone of the same. The all-seeing eye above, the vignettes at the sides, and below, all teaching their own great lessons, and all the emblems of Ancient Craft Masonry, so beautifully interwoven, conspire to form the prettiest ornament ever offered for the Mason's home. We have never made a picture so rich in color, with such exquisitely delicate tints. Very rarely do you find a full chromo to compare with this beautiful gem of eight colors.

This work is so warmly welcomed by our old agents who are finding a demand for the Picture not only where they have sold the others, but where men have refused all others, that we can safely predict for the Mystic Altar unparalleled sale 25,000 copies the present season would not surprise us. Never was there a better opportunity to make large profits than now. Size of picture 19 x 24 inches. Retail price, \$2.00.

"ANCIENT PATRONS OF FREE MASONRY," or "SAINTS JOHN." An elegant HALF CHROMO, excelled by no work previously issued, and the most popular Masonic picture ever offered to the Fraternity, having already a sale of nearly 25,000
