This envelope mailed from Hongkong Jun 23 99
apparently reached Manila, Philippine Islands
22 days before it was sent - see "REC'D" can-
cel on reverse for U.S. "Mil Sta. No 1" on
the reverse. What evidently occurred was that
when the clerk changed the date on the cancel
on July 1, he put in the right numeral but
did not change the "N" in JUN to "JUL".
