**William S. Pettigrew** was a brother of CSA General James Johnston Pettigrew, who died a heroic death in 1863. In the immediate aftermath of the Civil War, the Pettigrew family returned to the swamps to wage a futile battle to resurrect their ante-bellum way of life. William attempted to lure former slaves back to the land as day laborers. Letters throughout this period, housed now at UNC-Chapel Hill, reflect his increasing disenchantment with farming. Around 1867, he decided to become an Episcopal priest and transferred business responsibilities to others.
