Zacatecas, dos reales olive. Plate I, position 1. Cancel Sz1928

Zacatecas is the capital of the state of **Zacatecas**. It was the 7th largest postal district, based on the number of stamps used, and 7th by total value of all stamps used. The average cost of the stamps used was 1.65 reales. Zacatecas had about 25,000 inhabitants in 1850.

Zacatecas had 25 sub-offices: Agostadero, Aguascalientes, Asientos, Bolanos, Calvillo, Colotlan, ^{cover stamp} Chalchihuites, Fresnillo, Hacienda del Carro, Huejucar, Juchilpa, La Luz, Nieves, Ojo Caliente, Rincon de Romos, Sain Alto, San Miguel del Mexquital, Sierra Hermosa, Sombrerete, Teul, Tlaltenango, Villagran, Villa Ortega del Rio Grande, Mazapil and Xeres (Jeres).

The following consignments were made according to Chapman:

Aguascalientes was a sub-office under Zacatecas until late 1867. From November 3, 1858 to November 30, 1858 the post office of Zacatecas was located in Aguascalientes. In December 1858 and January 1859 the stamps were marked Zacatecas in manuscript, according to Roberto Liera. The Mexican civil war (War of the Reform, 1858 - 1861) had some of its fiercest battles in this area.

Zacatecas used at least two overprints:

19½ by 2 mm with dots at the foot of the first and last letter.

21 by 2½ mm without dots.

A district name was also applied by hand, the so-called Manuscript overprint. This was most likely used in late 1858 to early 1859 when the main office was located in Aguascalientes. Some say that there are eight varieties of the manuscript overprint, but there may be even more. The manuscript overprint "Type 8" was used provisionally in 1864 with mute cancels. In 1858 - 59 the most common cancel is the Agascalientes box cancel.

On average, the stamps have normal margins for the issue.

Though a relatively high number of the cuatro and ocho reales stamps were sent, they are quite scarce today. One good reason for this is the fact that many were split (cut in pieces) to make up for a lack of lower value stamps. These splits are therefore relatively more common from Zacatecas than from other districts. The use of split stamps was against regulations, and the use of these therefore constitutes illegal usage.

**1856 MEDIO REAL PAIR + SINGLE ON FRONT ~ ZACATECAS DIST.
Sz. 1849 ~ STRAIGHT-LINE "ZACATECAS"**

Cover front franked at the most unusual rate of 1 1/2 reales with a scarce pair of medios and a single 1/2 real on 1856 issue cover. Postmarked Sz 1849 and mailed from Zacatecas to Adolfo Duratty in Mexico City. Internal docketing yields the mailing date as November 3, 1856, thus indicating that this unusual rate belongs to the first rate period, a very scarce usage! Clean, dated, scarce rate, first rate period, and altogether a most attractive 1856 issue usage.

Zacatecas "O" (March 1864)
Conservative forces occupied Zacatecas in late January of 1864. By early March of 1864, the Zacatecas postmaster had exhausted his supplies of the 1861 Issue. He found a small quantity of the older **1856 Issue dos reales** and began using them! *They were canceled with Schatzkes #1849B -- the distinctive large mute "O".* See 1997 article by James Mazepa in MEXICANA (Jan. 1997 page 298.)
