I have examined the block of nine postage stamps of Sicily, 1859, $\frac{1}{2}$ grano, #8-10, 18-20, 28-30 of plate one, on Palermo paper, orange (Sassone Catalogue, #1), with sheet margin at right, unused, with gum, a photographic reproduction of which is attached to this certificate. In my opinion, the block is genuine, it has original gum and it is in perfect condition: I signed it "E.Diena", because of its rarity. - - - - -
