*Dott. Enzo Diena*  
*Via Crescenzio 19, Roma*

8th March 1988

I have examined the block of twelve postage stamps of Sicily, 1859, 5 grana, #2-5, 12-15, 22-25, with retouch at #5, of plate one, carmine rose (Sassone Catalogue, #9), with sheet margin at top, unused, with gum, a photographic reproduction of which is attached to this certificate. In my opinion, this rare item is genuine, it has original gum and it is in perfect condition apart from a gum crease across the second row: I signed it "E. Diena". - - - - -
