*Mr. John H. ...*

"With this injunction of his god-father, that when he arrives at the years of manhood he will always be found sustaining the Eagle of his Country from the insult, or grasp, of a foreign foe, and the still more dangerous enemy, the intestine Traitor who may engage in the wicked scheme of severing our glorious Union, upon which depends the perpetuation of our happy Government, which will endure so long as our confederated system lasts, and no longer."
