Miss Ann E. Berry

Cousin Annis

I hardly know how to commence writing to you!
This morning your very kind & welcome letter
bearing date of the 10th Sept - has come to hand
at last and I now hasten to answer it.
though I must confess that I have no news
this morning that will interest you in
the least. My wound is getting well and
will return to my command in a few days.
I tried so hard to get a surgeon to come to
S.C. but I could not get one and have
been compelled to remain at the Hospital.
I have a short leave to remain at my
mothers in Ga. but I will leave here soon
for the front. We have good news from
Genl Woods Army and I do hope ear
this shall reach you. We will have driven
Mr Sherman out of Atlanta, you out of
Ga. and then it will be that we can talk
of Peace in a Truth.

Cousin you said you wrote to me all
most very much. Cousin now as show you that
I have not received but 1 letter from since
I was in Greenville S.C. Cousin I shall
not wait for letter from you until I

103

think you have received one of my letters
I do wish I could see you I think I
could ~~see~~ spend a nice time but I don't
think there is any probability of my
getting ~~there~~ enough until next winter
certain you wanted me to tell you some
thing about what Cousin Mary Dietz wrote
to me I have not received the pie from her
yet I hope I will get a letter from her
soon you must give her my best love
Give my love to all the young Ladies
Give my love to Cousin Annie I have
written to her Give my love to Cousin
Ellen & her sisters Give my love to Cousin
Andrew & John and all my little Cousins
tell them all to write to me my respects
to Miss Annie Rice. Cousin I will have
to close as my wound will not let me
write longer at a time when it gets
well I will write you a long letter when
I get well so good by you must be strong
and write to me often I am your most
affectionate Cousin. ~~write~~ Death
