EVERYBODY knows that very many public men are hard drinkers and inveterate smokers. Such pernicious examples too often counteract the good induced by a life-time of temperance in others.

"Lo," the poor Indian, roams the barren plain
In search of something to assuage his pain,
His food, proud science never taught to cook —
Hard of digestion as a lawyer's book —
Has brought dyspepsia on the wretched Red,
Till now he almost wishes he were dead.
He wanders sadly far beyond the lines,
And to the pale-face fort his trail inclines.
With leaden eye, and hollow, wasted cheeks,
'T is not for food the dusky savage seeks,
Nor yet for blood ; but something to restore
The vigorous appetite he had before.
The pale-face Captain's heart compassion thrills;
He hands the red man Ayer's Cathartic Pills,
Counts out the number needed for a dose,
And bids him come again when out of those.

Months passed away; again the warrior came,
But now so stout he scarcely seemed the same;
Erect his form, his cheeks all plump and red,
"How! how! Well! well! Good medicine!" he said.
For he was cured; no indigestion now
Distorts his form or clouds his noble brow;
But if, some morn, he feels dyspepsia's ills,
He takes a dose of Ayer's Cathartic Pills;
And ere the silver moon asserts her rule,
Lo the poor Indian can digest a mule!

AYER'S PILLS are for sale at every Indian agency, military station, trader's camp, and mining settlement in the far West.

AYER'S PILLS supply the universal want of a safe and reliable purgative medicine. The disorders which they are designed to cure, and for which they prove a sure remedy, are all caused by the derangement of one or more of the digestive and assimilative organs, and include Constipation or Costiveness, Indigestion, Dyspepsia, Biliousness, Heartburn, Loss of Appetite, Flatulency, Foul Stomach, Nausea, Dizziness, Headache, Numbness, Jaundice, Diarrhoea, Dysentery, and Disorders of the Liver.

Eruptions and Skin Diseases, and Piles, when the result of Indigestion or Constipation, are cured by the use of AYER'S PILLS. They are, also, often the best remedy for Rheumatism, Gout, Neuralgia, Dropsy, Kidney Complaints, and other disorders arising from a reduced condition of the system, or the obstruction of its functions. In Colds they operate beneficially by opening the pores, removing inflammatory secretions, and allaying fever.

AYER'S PILLS are made of vegetable ingredients only, and may be administered even to children with perfect safety. They are sugar-coated, and pleasant to take; and for all the purposes of a cathartic medicine they are unequalled.

AYER'S PILLS are usually put up in oval wooden boxes, but for hot and damp climates, and for export, in sealed glass vials, as above represented.

Ayer's Hair Vigor

differs from other preparations for the hair in the fact that, while it is unequalled as a dressing, it is especially constituted to remedy the evils by which the life, growth, and strength of the hair, and the health of the scalp, are impaired. It supplies, temporarily, the place filled by the natural oil of the scalp, and, by strengthening and toning up the minute glands by which this oil is secreted, makes the hair soft, silky, and lustrous. It invigorates and stimulates the root-cells and so promotes healthy growth. It allays all irritation and inflammation of the superficial tissues, and thus indirectly cures the sores and skin-complaints of the scalp.

Ayer's Hair Vigor is entirely free from uncleanly, dangerous, or injurious substances, and its use is always safe and beneficial. From its first introduction it has steadily increased in favor, and has never failed to gain the approval and confidence of those who have faithfully tested its merits. It is not a dye, although faded, gray, red, or dull flaxen hair will be gradually changed to a rich, glossy brown color, and even to black, by its continued use.

"WORTH FIVE DOLLARS."

"Well, George, my boy, how are you feeling today?" asked Uncle Tom of his nephew, who had recently graduated from college—with high honors, but at the expense of his health.

"Much better, thank you, uncle. You see, I am taking Ayer's Sarsaparilla, as you recommended, and it is doing me good."

"To be sure it is!" exclaimed the old gentleman, holding up a bottle of this famous medicine. "And I'm glad you listened to my advice. Ayer's Sarsaparilla is, without doubt, the best tonic-alterative ever known. It sells for a dollar, but I'm bound to say it is worth five dollars a bottle! I owe my life to it. Ten years ago I was all run down with overwork, and this medicine saved me—made a new man of me. It is really wonderful—the way in which this medicine renovates the blood and puts new life in a fellow. It's just what you need. In a month from now, you'll be as rugged as a bear. Yes, my boy, you may rely on Ayer's Sarsaparilla every time."

The best remedy for all blood disorders is the Sarsaparilla root of the tropics, united with such vegetable eratives as Mandrake, Stillingia, Yellow Dock, and the Iodides of Potash and Iron. These, skilfully combined, compose Ayer's Compound Extract of Sarsaparilla, which is the best blood-cleansing and blood-making medicine that can be used. It is a pleasant though powerful remedy, and is, as has been justly observed by a celebrated English physician, "the great restorer of appetite, flesh, color, strength, and vigor."

Ayer's Cathartic Pills

are purely vegetable. They contain the active remedial principles, only, of their various ingredients, extracted and highly concentrated, and are scientifically compounded in a manner which insures great certainty and uniformity of medicinal effect. These Pills have won the confidence of physicians, and it is through a knowledge of their composition, and a practical experience of their curative power and safety, that they have become so generally used in practice.

Ayer's Pills, being sugar-coated, will retain their virtues for an indefinite period. They are easy to take; mild, but effective; and may be administered to children with perfect safety.

As an after-dinner Pill, to stimulate digestion in dyspeptic stomachs, Ayer's Pills have no equal. These Pills, used daily in decreasing doses, will restore the stomach, liver, and bowels to natural and healthful action, without causing costiveness. This is a quality in which they are altogether unrivalled.

Not a particle of calomel nor any other deleterious substance enters into the composition of these Pills. They are usually put up in oval wooden boxes; but for hot and damp climates and for export in sealed glass vials.

Ayer's Sarsaparilla

is a skilfully prepared extract of the finest Honduras sarsaparilla and blood-cleansing roots, such as stillingia and yellow dock, combined with the iodide of potassium. Each of its ingredients is in itself a superb alterative, universally recommended by the medical faculty. Combined, they make a blood-purifier of the highest power and efficacy. These facts have caused this preparation to be adopted by the medical and pharmaceutical professions as the standard Sarsaparilla, and furnish the reasons why it has earned the hearty gratitude of millions who have used it and bear witness to its excellence.

If you telephone for the doctor and find that he is out of town, just ask your druggist to send you a bottle of Ayer's Sarsaparilla. Those *tired feelings* are frequently the result of an impure, impoverished, or scrofulous condition of the blood, which weakens the digestive and assimilative organs, and renders them incapable of performing their functions. Thus, *Dyspepsia* is frequently due to a depraved condition of the blood, which also causes *Liver and Kidney Diseases, Jaundice, Dropsy*, and other serious disorders. In all such cases, the best remedy that can be used is **AYER'S SARSAPARILLA**.

FREE from injurious drugs of any kind, and compounded solely of mild aperients, these Pills are peculiarly adapted to family use. Prompt though gentle in operation, their sugar-coating disguises all medicinal flavor, so that children take them without difficulty. Unlike other cathartics, Ayer's Pills strengthen the stomach and bowels and thus restore to these organs their natural and healthy action. In every case where a laxative is needed, these Pills are confidently recommended.

The best family physicians, and thousands of fathers and mothers, recommend Ayer's Pills in preference to any other aperient.

Dr. J. T. Teller, of Chittanooga, N. Y., says: "Ayer's Cathartic Pills are highly appreciated. They are perfect in form and coating, and their effects are all that the most careful physician could desire. They have supplanted all the pills formerly popular here, and I think it must be long before any other can be made that will at all compare with them. Those who buy Ayer's Pills get the full value of their money."

A TRUE STORY.

Two children prattling in an easy chair;
Their pretty talk did grandpa overhear.
The doll was sick, a kerchief round its head;
The brother held it, while the sister read
Ayer's Almanac, to find out some relief
For dolly's cold that gave them so much grief.
Ayer's Cherry Pectoral, some time ago,
Had cured the boy of croup, when very low.
Their mother always kept it close at hand,
As every mother should throughout the land.
"I guess, some Cherry Pectoral we'll give,"
The sister said, "and then shall dolly live;
For mamma said that you had surely died,
If she had not Ayer's Cherry Pectoral tried."
"I like it!" cried the boy. "'Tis nice and sweet,
And tastes like almonds that are good to eat."
"It cured the wheezy asthma grandpa had,
And also mamma's cough that was so bad."
"But dolly's mouth won't open for a dose!"
"Well, can't we rub the bottle on her nose?"
Here grandpa smiled; and yet his eyelids shed
A tender tear upon the fair young head.

Ayer's Cherry Pectoral has saved thousands of lives, and the good it has done and is doing, year by year, is beyond estimate. It is indispensable in every household, and promptly relieves and cures Colds, Coughs, Croup, and Whooping-Cough. Full directions accompany each bottle.

AYER'S HAIR VIGOR.

Maid.—"I never dressed such beautiful hair as yours, madam; so soft and flowing and free from dandruff."

Lady.—"That's because I use Ayer's Hair Vigor. Before doing so, my hair was dry and faded and full of dandruff, and came out every time it was combed. I tried many other preparations, but nothing else has done so much good as Ayer's Hair Vigor."

In commending Ayer's Hair Vigor to the public, we will permit those who have used it to speak for themselves:

"My hair was faded and dry, but after using only half a bottle of Ayer's Hair Vigor it became black and glossy."—Mabel C. Hardy, Delavan, Ill.

"I have used Ayer's Hair Vigor for a number of years, and it has always given me satisfaction. It is an excellent dressing, prevents the hair from turning gray, insures its vigorous growth, and keeps the scalp white and clean."—Mary A. Jackson, Salem, Mass.

"I have experienced great benefit from the use of Ayer's Hair Vigor. It freed my scalp from itching humors, and has restored my hair to its original color and healthy condition."—Mrs. L. M. Holmes, Malden, Mass.

"I had a disease of the scalp, causing my hair to become very harsh and dry, and to fall so freely that I scarcely dared comb it. Ayer's Hair Vigor gave me a healthy scalp, cleansed the head of dandruff, and made the hair beautifully thick and glossy."—Bessie H. Bedloe, Burlington, Vt.

"One bottle of Ayer's Hair Vigor has entirely restored my hair to its natural color, and given it a beautiful, soft, silky appearance. I am fifty-seven years of age, and my hair was quite gray; but by the use of one bottle, as above stated, the color was perfectly restored, and I now have as fine a head of hair as when I was sixteen."—Mrs. D. N. Parks, Ohio, Mich.

Every Mother

SHOULD have Ayer's Cherry Pectoral at hand. It is well called "A Household Blessing."

In cases of croup, whooping cough, bronchitis, laryngitis, and the sudden colds contracted by children, this preparation is invaluable—insuring prompt relief and permanent cure. It speedily allays irritation of the mucous membrane, checks violent coughing, aids expectoration, and induces sleep. Ayer's Cherry Pectoral should be used, without delay, whenever any possibility of consumption is suspected.

"An experience of over thirty years enables me to say that there is no better remedy for sore throat and coughs, even of long standing, than Ayer's Cherry Pectoral. I have ever found it efficacious, personally, and have no doubt its judicious use has warded off many an attack of croup from my children in the course of their growth, besides giving effective relief from colds. I have, therefore, no hesitation in recommending the medicine as a safe and most reliable one."—Samuel Motter, Editor of the "Emmitsburg Chronicle," Emmitsburg, Md.

IT MAY BE QUERIED whether the title of this card refers to the pretty pets so charmingly represented by our artist, or to Ayer's Pills. It applies to both; with the difference that kittens are not always "little favorites," while Ayer's Pills are universally so. These Pills have gained a world-wide reputation as the best remedy for

Constipation or Costiveness, Indigestion, Dyspepsia, Biliousness, Heartburn, Loss of Appetite, Flatulency, Foul Stomach, Nausea, Dizziness, Headache, Numbness, Jaundice, Diarrhea, Dysentery, and Disorders of the Liver.

"THESE ARE MY JEWELS," exclaims the fond mother, valuing her children far above any other earthly possession.

Precious, beyond price or estimate, are the lives and future welfare of these little ones; yet liable to be blighted and destroyed by the taint of Scrofula.

On the purity of the blood depends the health of every part of the human organism. If the blood is pure, it gives vigor to all the functions; if impure, it carries disorder throughout the system.

As a preventive of blood diseases, Ayer's Sarsaparilla should be freely given to children. It is so powerful and searching that even deeply rooted hereditary Scrofula is cured by it when the possibility of cure exists; but the wise will not delay treatment until some serious disorder is manifested. "An ounce of prevention is better than a pound of cure." At the first indication of diminished health and strength recourse should be had to this medicine.

WE PRESENT, on the reverse side of this card, a reproduction of the celebrated picture entitled "THOROUGHRED," with the suggestion that fine hair is an element of beauty admired by every observer.

Ladies, especially, should take note of the fact that, to the opposite sex, fair and flowing tresses are irresistibly attractive. They are the paramount ornament with which nature provides woman.

Every lady may improve and beautify her hair by the use of AYER'S HAIR VIGOR. This preparation is agreeably perfumed, contains no oil, alcohol, nor dyes, and is the most cleanly of all preparations for toilet use. It renders the hair pliant, soft, and glossy; stimulates it to a vigorous growth; prevents the formation of dandruff; cures tetter-sores and humors of the scalp; strengthens the hair roots; prevents the hair from falling out, and, where it has already fallen, causes a new growth. The VIGOR also preserves the hair from fading and growing gray, and where its natural color has been lost, restores it—even when whitened by age—to the hue and lustre of youth.

Unconscious Beauty.

The rosy face, sparkling eye, and agile form of childhood are the natural results of perfect health and buoyant spirits. Children born of scrofulous parents, though often fair and attractive, frequently become afflicted, even in infancy, with unsightly eruptions, painful sores, diseases of the eyes, nose, ears, lungs, lips, and spine, itching humors, and swollen glands, particularly those of the neck. Parents should be careful to note in their children, the first symptoms of hereditary taint, and by the prompt use of AYER'S SARSAPARILLA, drive the poison from their systems.

AYER'S SARSAPARILLA is the Superior Medicine, for all ailments originating in impure blood, and whether taken by old or young, its operation is the same. It expels from the life-current all poisonous and useless matter, restores healthful action to tissues, nerves, and glands, and builds up the system weakened by disease and pain. It is the best all-the-year-round medicine; the best to overcome that Tired Feeling, the best to quicken the appetite, and to make the weak strong. Take only Ayer's Sarsaparilla. It cures others, and will cure you.

"Easy to Take"

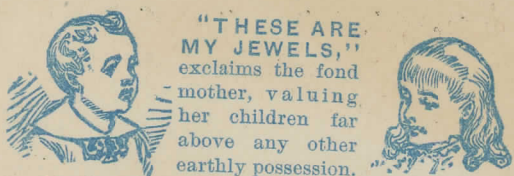

And "Every Dose Effective" are terms peculiarly applicable to AYER'S PILLS, which are invaluable for the cure of headache, constipation, biliousness, jaundice, and all derangements of the digestive and assimilative organs. These pills are also equally beneficial in rheumatism, neuralgia, colds, chills, and fevers. They are composed of the active principles of the best vegetable laxatives, and are popular because of their general usefulness and absolute freedom from injurious ingredients. Their influence, though prompt and thorough, is mild and continuous, removing obstructions to the functions of either sex, without any unpleasant consequences. Unlike other cathartics, the effect of AYER'S PILLS is to strengthen the excretory organs and restore to them a healthy, regular, and natural action. The delicate sugar-coating of these Pills, which preserves for an indefinite period the full medicinal strength of each ingredient, dissolves immediately, and is speedily assimilated, on reaching the stomach; hence the effectiveness of every dose. As a cathartic, either for travelers or as a family medicine, AYER'S PILLS have no equal.

HOW FAIR.

"How fair she grows from day to day,"
Her life an ever-smiling May!
And yet not always thus she grew,
Nor health and beauty always knew;
For once her cheeks were covered o'er
With "horrid pimples" by the score,
Which marred her face and made her sad;
And all because her blood was bad.
The means of cure she sought with care,—
At last, of Doctor J. C. Ayer,
Of Lowell, heard, a chemist skilled,
He who from healing roots distilled
An EXTRACT, potent to replace
The bloom of youth upon her face,
And make her blood as pure again
As when a merry child of ten.
"I'll see!" she said, and off she hied,
A bottle bought, and quickly tried,
SARSAPARILLA was the name
By which this Extract gained its fame.
"Oh happy day," she cried; for, lo!
The pimples soon began to go;
And now, the fairest of the fair,
She lives to bless the name of AYER!

Ayer's Cherry Pectoral.

Every cold and cough, no matter what its origin, can be relieved and cured, if promptly treated, by the use of Ayer's Cherry Pectoral. This simple but scientific remedy soothes the inflamed respiratory membranes, stimulates the weakened tissues around the seat of the disease, acts upon the fatigued or exhausted system as a mild and healthful sedative, and restores the entire physical organization to its normal tone and vigor.

The anodyne quality of Ayer's Cherry Pectoral makes it particularly valuable in all respiratory disorders which are accompanied by nervousness or sleeplessness. Many lawyers, actors, singers, clergymen, business men, teachers, and writers bear witness to its virtues. It not only cures pectoral troubles, but superinduces the sweet and refreshing sleep so necessary to health, under the conditions of intense brain-work.

This is the medicine on which the world-wide reputation of Dr. Ayer was first established. As a family medicine it is unequalled. It has saved thousands of lives, and the good it has done and is doing, year by year, is beyond estimate. Full directions for use accompany each bottle.

Ayer's Sarsaparilla

is a skilfully prepared extract of the finest Honduras sarsaparilla and blood-cleansing roots, such as stiltingia and yellow dock, combined with the iodide of potassium. Each of its ingredients is in itself a superb alternative, universally recommended by the medical faculty. Combined, they make a blood-purifier of the highest power and

efficacy. These facts have caused this preparation to be adopted by the medical and pharmaceutical professions as the standard Sarsaparilla, and furnish the reasons why it has earned the hearty gratitude of millions who have used it and bear witness to its excellence.

If you telephone for the doctor and find that he is out of town, just ask your druggist to send you a bottle of Ayer's Sarsaparilla. Those *tired feelings* are frequently the result of an impure, impoverished, or scrofulous condition of the blood, which weakens the digestive and assimilative organs, and renders them incapable of performing their functions. Thus, **Dyspepsia** is frequently due to a depraved condition of the blood, which also causes **Liver and Kidney Diseases, Jaundice, Dropsy,** and other serious disorders. In all such cases, the best remedy that can be used is **AYER'S SARSAPARILLA.**

Ayer's Hair Vigor

Is a most scientific, popular, and elegant hair-dressing, and is made from the choicest materials afforded by the markets of the world. It

prevents the hair from becoming thin, faded, gray, or wiry; and preserves its richness, luxuriance, and color to an advanced period of life. It keeps the scalp cool, moist, and healthy, cures itching humors, and thoroughly removes dandruff. It tones up the weak hair-roots, stimulates the vessels and tissues which supply the hair with nutrition, strengthens the hair itself, and adds the oil which keeps the shafts soft, lustrous, and silky. No other toilet preparation is so

widely and favorably known as **AYER'S HAIR VIGOR.**

"Over a year ago I had a severe fever, and when I recovered, my hair began to fall out, and what little remained turned gray. I tried various remedies, but without success, till I began to use Ayer's Hair Vigor, and now my hair is growing rapidly and is restored to its original color."—Mrs. A. COLLINS, *Dighton, Mass.*

Ayer's Hair Vigor

differs from other preparations for the hair in the fact that, while it is unequalled as a dressing, it is especially constituted to remedy the evils by which the life, growth, and strength of the hair, and the health of the scalp, are impaired. It supplies, temporarily, the place filled by the natural oil of the scalp, and, by strengthening and toning up the minute glands by which this oil is secreted, makes the hair soft, silky, and lustrous. It invigorates and stimulates the root-cells and so promotes healthy growth. It allays all irritation and inflammation of the superficial tissues, and thus indirectly cures the sores and

skin-complaints of the scalp.

Ayer's Hair Vigor is entirely free from uncleanly, dangerous, or injurious substances, and its use is always safe and beneficial. From its first introduction it has steadily increased in favor, and has never failed to gain the approval and confidence of those who have faithfully tested its merits. It is not a dye, although faded, gray, red, or dull flaxen hair will be gradually changed to a rich, glossy brown color, and even to black, by its continued use.

NATURE HAS ITS OWN CODE of cautionary signals. Pains in the forehead, sneezing, chilliness, lassitude, oppressed breathing, redness and suffusion of the eyes, soreness of the throat and muscles, hoarseness, and coughing, are indicative of Colds in various stages of progress. Colds and Coughs are themselves cautionary signals not to be disregarded. All the most serious affections of the throat, the bronchial tubes, and the lungs, are, in their beginnings, but Colds and Coughs. In the effective treatment of such maladies, every hour of delay is perilous and may be fatal. No affection of this nature, however slight, can be safely expected to "go away of itself." The disease should be promptly eradicated by the use of Ayer's Cherry Pectoral. As an anodyne and expectorant, this medicine has no equal. It is pleasant and, safe to take, though powerful, soothes the irritated membranes, induces natural and refreshing rest, strengthens the lungs, and speedily restores the patient to health.
