

The last known usage of Maxis in Durango was October 21, 1866.

First shipment of 1868 stamps did not arrive at the Main Post Office
in Durango until September 8, 1868.

During this Provisional period of 1867 to 1868, no stamps were available except in Mexico City. Mexico overprinted 1861 stamps and printed stamps on new paper during this "GOTHIC PERIOD". Other districts printed their own provisionals. Durango did not have any provisionals nor left over Hidalgos

Papasquiario-Durango

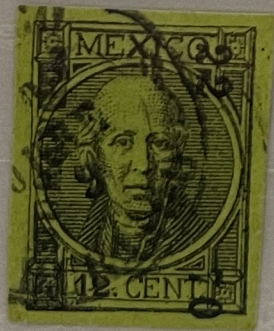

Docketed Mayo 7, 1867, "2" on the reverse side.

Very few Durango Provisionals exist and they are very rare.
